

Datasheet

DGPROX - 1-DOOR STAND-ALONE PROXIMITY READER & KEYPAD

Product description

The DGPROX is a compact proximity reader/controller with the capacity of up to 500 users. It has self-contained electronics for door lock and exit button connection.

For harsh environments, external remote reader heads can be connected up to 50 metres away, to allow the reader controller to be installed in a secure location.

Simple programming via a master code allows the adding and deleting of users and the setting of the lock time. Select the mode to unlock the door (CARD, CARD+PIN or PIN).

Key features

- Compact proximity reader/controller
- Up to 500 users
- Adjustable lock time
- Option of remote reader heads
- Audible signal

Certification

DEEE

RoHS

Certification

IP53

*-22°F to 140°F
(-30°C to 60°C)*

Product information

Material: Polycarbonate

Mounting: Surface

Card entry: Up to 500

Codes: Up to 500, 5-digit PIN

Input: 1 exit button

Relays: Lock relay & alarm relay - NO/NC, 3A

Electrical Specifications

Power supply: 12 VAC/DC

Power Consumption: 250 mA
