

W5461-T00

Weather- and Tamper-Resistant Single Receptacle, 20 Amp 250 Volt, Brown

Single Receptacle Outlet, Heavy-Duty Industrial Specification Grade, Weather- and Tamper-Resistant, Smooth Face, 20 Amp, 250 Volt, Back and Side Wire, NEMA 6-20R, 2-Pole, 3-Wire, Self-Grounding - Brown

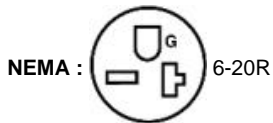

Leviton's 250 Volt Tamper-Resistant Receptacles are the industry's first and only solution to the revisions of the NEC Article 406.12! These weather-resistant single receptacles also provide compliance for Article 406.9 of the National Electrical Code (NEC) for wet and damp locations and include added protection against corrosion, UV degradation and cold impact damage.

- Accommodates back and side wiring
- Nickel-plated steel strap maximizes corrosion resistance
- Brass-self grounding clip is permanently staked on for secure and reliable performance
- Common applications: education facilities, commercial buildings, health care facilities, hospitality, and multiple dwelling units (MDUs)
