June 2015

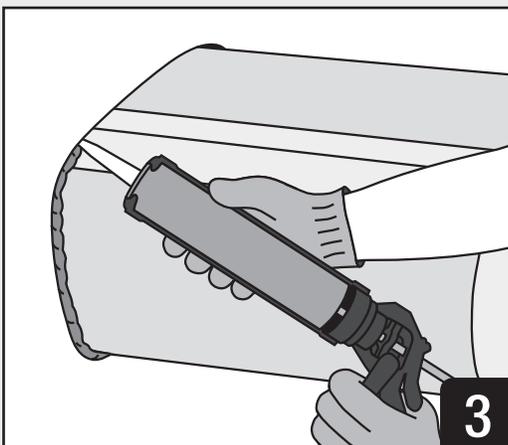

## 3M™ Interam™ Endothermic Mat E-5A-4

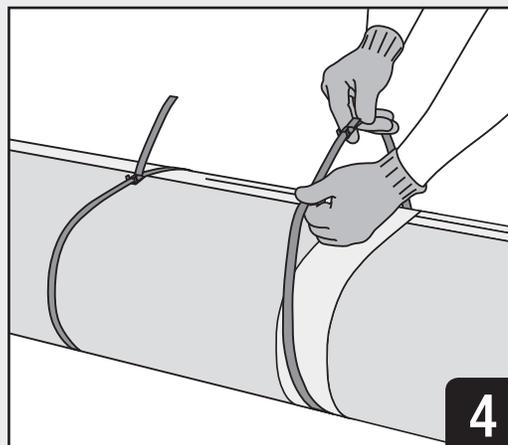

1  
At the opening, install 3M™ Interam™ Endothermic Mat E-5A-4 in a single width mat around the protected item, tightly butted up to the opening. Overlap the cut edge a minimum of 50mm. Close all cut edges with 3M™ Aluminum Foil Tape 425. E-Mat may be temporarily retained with 19mm wide filament tape.

2  
Install subsequent sections of mat, tightly butted up to preceding section, but still maintaining the overlap onto the cut edge a minimum of 50mm. Install additional layers, as required per system specifications, making sure to stagger joints a minimum of 50mm. Close all cut edges with 3M™ Aluminum Foil Tape. E-Mat may be temporarily retained with 19mm wide filament tape.

3  
Fill any gaps to the depth of the E-Mat with 3M™ Fire Barrier Sealant CP 25WB+ or 3M™ Fire Barrier Water Tight Sealant 3000 WT Sealant. Fill annular space in any through-penetration scenario as per system specifications. Close all filled gaps, joints between sections, and overlapping sections with 3M™ Aluminum Foil Tape.

4  
Tightly clamp minimum 13mm wide steel retention bands around E-Mat. Bands to be positioned 25mm from each joint and at the center of each width of E-Mat.

# Installation Guide

This installation guide highlights requirements for 3M™ Interam™ Endothermic Mat E-5A-4 for firestopping with protective wrap systems. This guide is intended only to highlight general steps or methods and is not intended to describe all details and requirements. System specifications should comply with local and federal regulations. Examples of system specifiers include UL, Intertek, and European Technical Approvals and Assessments. Installer should confirm that the field conditions (such as opening size, pipe size and material, insulation type and thickness, and annular space) comply with the system specifications.

---

## Repair Procedure in Case of Damage

Damaged seals shall be removed and replaced.

---

## Precautionary Information

Refer to product label and Safety Data Sheet for health and safety information before using the product.
