

Pico® PRO 4-Button Wireless Control

The Pico® PRO 4-button wireless control is a flexible and easy to use device that allows the user to control Lutron® Caséta™ Wireless dimmers and switches from anywhere in the space. This battery-operated control requires no external power or communication wiring.

Features

- Provides control for Caséta™ Wireless dimmers and switches.
- Control available in a variety of button marking options.
- Easy reconfiguration for use as:
 - Handheld remote
 - Wall-mount control (with or without faceplate; faceplate adapter kit sold separately)
 - Car visor control (car visor clip sold separately)
 - Table-top control (table-top pedestal sold separately)
- Utilizes Lutron® reliable Clear Connect® RF technology.
- Battery-powered. Requires no wiring.
- 10 year battery life* (one CR2032 battery included).
- Can provide control of Caséta™ Wireless dimmers and switches within a range of 30 ft (9 m) through walls and 60 ft (18 m) line-of-sight.

Pico® PRO 4-Button Wireless Control

* Based on a 1 year shelf life, an average of 10 button presses per day, and an ambient temperature of 86 °F (30 °C). Actual life may vary based on usage and environmental conditions.

Specifications

Regulatory Approvals

- Lutron® Quality Systems registered to ISO 9001:2008.
- FCC Certified (U.S.A.)
- IC Certified (Canada)
- COFETEL Certified (Mexico)
- SUPERTEL (Ecuador)
- ANATEL Certified (Brazil)

Power

- Operating Voltage 3 V⁻⁻⁻
- (1) CR2032 battery (included)

System Communication and Capacity

- Communicates using Radio Frequency (RF) at 431 MHz to 437 MHz.
- Thousands of system addresses prevent interference between systems.
- Can be assigned to control Caséta™ Wireless dimmers and switches within a range of 30 ft (9 m) through walls and 60 ft (18 m) line-of-sight.

Mounting Considerations

- Mounting of any RF devices on or in close proximity to a metal surface will drastically reduce the effective range of radio signal transmission or reception.
- All RF devices must be mounted on non-conductive materials to ensure proper performance.
- Wall mounting adhesive included. See **Mounting Options** section for other options.

Environment

- Ambient operating temperature:
32 °F to 140 °F (0 °C to 60 °C)
- Maximum 90% non-condensing relative humidity
- Indoor use only

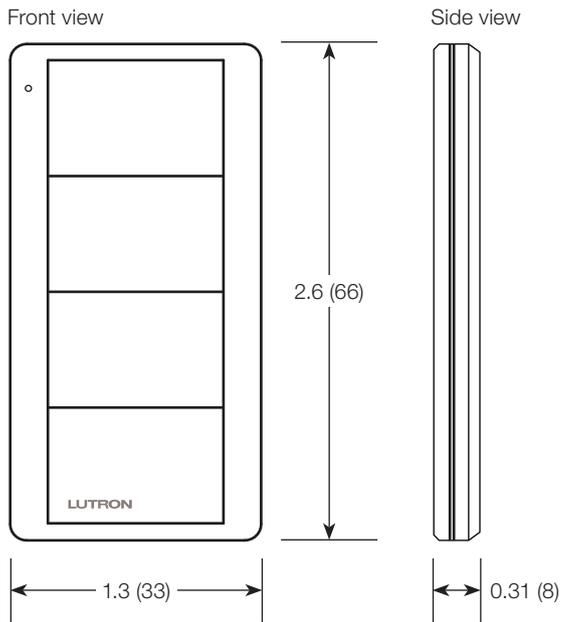

Warranty

- 1 Year Limited Warranty. For additional Warranty information, please visit www.lutron.com/technicalDocumentLibrary/369-119_Wallbox_Warranty.pdf
