

## 17oz Smooth Face Framing Hammer

The Milwaukee® 17oz Smooth Face Hammer is designed from the ground-up to address common user frustrations with hammers currently available on the market, providing superior driving performance with up to 10X less peak vibration. Constructed with a steel I-Beam Handle, the new hammer is designed to withstand the harshest jobsite use and a SHOCKSHIELD™ grip provides best-in-class grip durability and vibration reduction. For added user benefit, the hammer features an anti-ring claw design which reduces noise and ringing when striking hardened objects.
